LIKE ANY OTHER BREWERY, WE HAVE OUR OWN SUCCESS STORY

Far back in 2014, we reconstructed the building for the brewery and installed a new set of equipment.

Undoubtedly, our ambitions were sky high, and in fact, we could barely cope with them.

However, after bitter tasting defeats and enjoying sweet victories to the full, we still found our way in craft trend that echoed from distant America and Europe.

☐Step by step, our hard daily work is becoming more and more recognized by appraisers who value drinks of amazing flavors and aromas born within brewery walls.

You are to rate it!
